**Solving Religion with Logic** Paul Kasch 2019-10-09 Can a religious truth be logically proven, or is religion forever relegated to being a matter of blind faith? If there is a true religion, shouldn't we be able to prove it by now, using scientific data and higher mathematics? This is exactly what Paul Kasch sets out to do in his latest work. The reader is invited to follow along in the investigation process as we: • Establish an unbiased, neutral mindset • Look around at the environment we find ourselves living in, and attempt to solve the question of our existence • Gather the world's major religions, logically arrange and dissect them, and require them to present demonstrable truth of their claims This book would not exist if the quest failed. Using nothing more than the reasoning prowess we are all born with, a solitary (yet timeless) religious truth emerges as the equation of the only sound logical argument

capable of producing such a thing. Use your head for something other than a hat rack and join the author on an intellectual journey which renders all other pursuits trivial by comparison.

**The Remarkable Record of Job** Dr. Henry M. Morris 2000-04-01 Far from being an engaging fable, the account of Job in the bible is one of the most historically and scientifically accurate records of the ancient world. Perhaps the oldest book in the Bible, the book of Job touches on many subjects of science and history. This commentary on the controversial Book of Job is very different from most of the seminary and church teachings so prevalent today, for it attests to the historicity of a man named Job who understood at the end of his life that God cannot be "figured out," but He can most certainly be trusted.

**101 Signs of Design** John Morris 2002 From John Morris, president of the Institute for Creation Research, with his extensive background in geology, come these 101 quotations using natural science to refute evolution. One of the best ways to show the fallacies of evolution is through the intricate designs and unique features of nature. Evolution is impossible and you'll see this fact of life as you delve into this thought-provoking collection.

*The Art of Self-Improvement* Anna Katharina Schaffner 2021-09-14 A

brilliant distillation of the key ideas behind successful self-improvement practices throughout history, showing us how they remain relevant today. Self-help today is a multi-billion-dollar global industry, one often seen as a by-product of neoliberalism and capitalism. Far from being a recent phenomenon, however, the practice of self-improvement has a long and rich history, extending all the way back to ancient China. For millennia, philosophers, sages, and theologians have reflected on the good life and devised strategies on how to achieve it. Focusing on ten core ideas of self-improvement that run through the world's advice literature, Anna Katharina Schaffner reveals the ways they have evolved across cultures and historical eras, and why they continue to resonate with us today. Reminding us that there is much to learn from looking at time-honed models, Schaffner also examines the ways that self-improvement practices provide powerful barometers of the values, anxieties, and aspirations that preoccupy us at particular moments in time and expose basic assumptions about our purpose and nature.

**Encounter** Joel Comiskey 2006-10-05 Christ's death on the cross offers victory over bitterness, addictions, occult bondage, and debilitating strongholds. Encounter! Receive Christ's Freedom will show you how to apply Christ's victory to your own life. This book is an excellent resource for someone who is bound by sinful habits or who simply needs to live an abundant life. It explains clearly how to receive the fullness of the Holy Spirit and then to walk in the Spirit's power. It's a great resource to use individually or in a retreat setting. In the back of the book, there's a coach's section to help guide someone else through the contents of this book. Topics include: Repentance and forgiveness; The power of the cross over sin, Satan, and demonic strongholds; How to receive inner healing; Freedom from the fear of death; How to be filled with the Spirit.

**A Feast for Advent** Delia Smith 1996 Delia Smith is widely known as Britain's leading cookery writer. Most homes have a copy of at least one of her

cookery books. But Delia has not only written about cookery - she has also written books in which she shares her Christian faith. In *A Feast for Advent* she offers a Bible passage, reflection and prayer for each day from Advent Sunday to Epiphany (6 January). In her reflections she shares her own insights on preparing for Christmas and on the Christmas story itself. 'Delia provides us with the brief daily meditations and reflections which will sharpen our appetite and longing for the events of Christmas, but which also provide a satisfaction all their own. Delia Smith has made it possible for us to experience the real joy of Christmas' (From the Foreword by Mary Craig, writer and broadcaster) All royalties from this book go to the Quidenham Children's Hospice.

Our Common Agenda - Report of the Secretary-General United Nations 2021-09-10 On the seventy-fifth anniversary of the United Nations, the world has faced its biggest shared test since the Second World War in the coronavirus disease (COVID-19) pandemic. Yet while our welfare, and indeed the permanence of human life, depend on us working together, international cooperation has never been harder to achieve. This report answers a call from UN Member States to provide recommendations to advance our common

agenda and to respond to current and future challenges. Its proposals are grounded in a renewal of the social contract, adapted to the challenges of this century, taking into account younger and future generations, complemented by a new global deal to better protect the global commons and deliver global public goods. Through a deepening of solidarity—at the national level, between generations, and in the multilateral system—Our Common Agenda provides a path forward to a greener, safer and better future.

Energetic Boundaries Cyndi Dale 2011-10-01 Just as our physical body is protected by our skin, our psyche and spirit have “energetic boundaries” that keep out harmful influences. These boundaries, invisible to the naked eye, are more than just defenses—according to Cyndi Dale, these “spiritual borders” are our soul’s way of communicating to the universe what we do and don’t want to experience in life. With *Energetic Boundaries*, this renowned intuitive and energy-medicine expert presents a definitive guide for maintaining this essential aspect of our health and personal integrity, including: Our four energetic boundaries—techniques to enhance the health of your physical, emotional, relational, and spiritual borders Self-diagnosis instructions for determining where your boundaries are weakest—and practical ways you can strengthen them How to signal the world that you are ready for success and prosperity Special guidance for healers, sensitives, and people whose work regularly exposes them to strong emotional forces How healthy boundaries allow us to balance intimacy and personal autonomy in relationships and parenting “Strong and flexible energetic boundaries allow us to share who we truly are with the world,” teaches Cyndi Dale. Filled with insights, practical guidance, and easy-to-learn techniques, *Energetic Boundaries* is an indispensable tool for staying protected and connected in every aspect of life—in our relationships, career, and on our spiritual journey. “Energetic Boundaries is must-reading for everyone who wants to get and stay healthy. Understanding the role of boundaries and applying them is how one creates health at the most basic level.” —Christiane Northrup, MD, OB/GYN physician and author of the New York Times bestsellers *Women's Bodies*, *Women's Wisdom* and *The Wisdom of Menopause*

**Miracles** Dr. Henry M. Morris 2004-02-01 Do miracles happen in our time? Did they ever happen? And if the answer is yes, is any explanation possible? The key might lie in the fact that miracles are in the world, but not of the world. Leading Bible scholar Henry Morris reflects his deep love for the Bible

by exploring recorded miracles, and shedding some light on miracles that occur today. From the feeding of many with just a few fish, to a discussion of today’s healing miracles, Morris examines the following: Why many scientists dismiss miracles People who are convinced miracles happened to them The truth about “modern” miracles Can prayer bring about miracles?

*Dieu versus Darwin* Jacques Arnould 2013-11-25 Peut-on concilier foi religieuse et raison scientifique ? La Bible est-elle un manuel d'histoire naturelle ? Dieu croit-il en Darwin ? Darwin est-il en croisade contre Dieu ? Autant d'anciennes questions et de débats houleux qui reviennent aujourd'hui au premier plan de l'actualité. Aux États-Unis particulièrement, où les États sont amenés à légiférer sur l'enseignement de la théorie darwinienne ; mais les pays européens sont désormais eux aussi confrontés aux mêmes revendications de la part des lobbies créationnistes. Dans un monde où la science a perdu sa capacité à émerveiller et suscite même parfois la méfiance, tous les discours semblent se valoir. Il faut tout le génie pédagogique de Jacques Arnould, dominicain, théologien et historien des sciences, pour nous aider à démêler les arguments et les enjeux, les positions théologiques et politiques. Surtout, il prend position claire : non pas Dieu ou Darwin, mais Dieu et Darwin. À travers cette relecture limpide de l'éternel débat entre foi et raison, il nous ouvre à une intelligence nouvelle de notre modernité.

*Sophie's World* Jostein Gaarder 2007-03-20 One day Sophie comes home from school to find two questions in her mail: "Who are you?" and "Where does the world come from?" Before she knows it she is enrolled in a correspondence course with a mysterious philosopher. Thus begins Jostein Gaarder's unique novel, which is not only a mystery, but also a complete and entertaining history of philosophy.

**Comets and the Horns of Moses** Laura Knight-Jadczyk 2013-02 Laura Knight-Jadczyk's series, *The Secret History of the World*, is one of the most ambitious projects ever undertaken to provide a cogent, comprehensive account of humanity's true history and place in the cosmos. Following the great unifying vision of the Stoic Posidonius, Laura weaves together the study of history, mythology, religion, psychology and physics, revealing a view of the world that is both rational and breathtaking in its all-encompassing scope. This second volume, *Comets and the Horns of Moses*, (written in concert with several following volumes soon to be released) picks up the dangling threads of volume one with an analysis of the Biblical character of Moses -- his possible true history and nature -- and the cyclical nature of cosmic catastrophes in Earth's history. Laura skillfully tracks the science of comets, revealing evidence for the fundamentally electrical and electromagnetic nature of these celestial bodies and how they have repeatedly wreaked havoc and destruction on our planet over the course of human history. Even more startling however, is the evidence that comets and cometary fragments have played a central role in the formation of human myth and legend and the very concept of a 'god'. As she expertly navigates her way through the labyrinth of history, Laura uncovers the secret knowledge of comets that has been hidden in the great myths, ancient astronomy (and astrology) and the works of the Greek philosophers. Concluding with a look at the political and psychological implications of cyclical cometary catastrophes and what they portend for humanity today, *Comets and the Horns of Moses* is a marvel of original

thought and keen detective work that will rock the foundations of your understanding of the world you live in, and no doubt ruffle the feathers of the many academics who still cling to an outdated and blinkered view of history.

Amusing Ourselves to Death Neil Postman 2005-12-27 What happens when media and politics become forms of entertainment? As our world begins to look more and more like Orwell's 1984, Neil's Postman's essential guide to the modern media is more relevant than ever. "It's unlikely that Trump has ever read *Amusing Ourselves to Death*, but his ascent would not have surprised Postman." -CNN Originally published in 1985, Neil Postman's groundbreaking polemic about the corrosive effects of television on our politics and public discourse has been hailed as a twenty-first-century book published in the twentieth century. Now, with television joined by more sophisticated electronic media—from the Internet to cell phones to DVDs—it has taken on even greater significance. *Amusing Ourselves to Death* is a prophetic look at what happens when politics, journalism, education, and even religion become subject to the demands of entertainment. It is also a blueprint for regaining control of our media, so that they can serve our highest goals. "A brilliant, powerful, and important book. This is an indictment that Postman has laid down and, so far as I can see, an irrefutable one." –Jonathan Yardley, *The Washington Post Book World*

*Life Lessons of Wisdom & Motivation - Volume III* M.I. Seka 2014-02-28 A compilation of quotations and proverbs from the most enlightened, intelligent, and forward thinkers in human history regarding the most important aspects of life. Compiled and arranged to give the reader a clear direction in their life based on their internal needs, wants, and desires. While no one on Earth is special, everyone is unique. Nobody past, present, or future has gone through or has had the same thoughts and experiences as you, nor will they in the future. As a result, you see the world in a completely unique way. Studying these volumes will guide your mind's eye in distinguishing the most significant passages to you and your being as well as reaffirming or contradicting what you already know and believe, by the wisest people throughout history. Out of the thousands of quotes and proverbs within these volumes, your personality will subconsciously pick out the most relevant quotes and proverbs to you and you alone. It would be a mistake to concentrate on only one topic because all the subjects are connected to aid you in reaching your own epiphany. Many of the most profound quotes and proverbs are recorded under various topics throughout the book. Though you may only be interested in "Success & Failure," many of the quotes and proverbs attributed to success can also be found under "Leadership," "Attitude," or even "Life, Purpose, & Growth," for example. The aim of this huge collection of human wisdom is enlightenment: to assist the readers in realizing what is truly important in life, as well as to find their true self; to shatter the illusions that everyone builds for themselves through false assumptions and stereotypes; to find their true inner being; to find purpose; and, most importantly, to discover what makes them and them alone happy. To receive the full benefit of these volumes and to fully immerse yourself in self-discovery, you must commit to studying the entire collection. If you only want to scratch the surface of what is important in life, then limit yourself to a single volume. But if you want to master your true purpose, then study all

four volumes.
