Car PC Hacks Damien Stolarz 2005 A car PC or carputer is a car tricked-out with electronics for playing radio, music and DVD movies, connecting to the Internet, navigating and tracking with satellite, taking photos, and any electronic gadget a person wants in a car. All these devices are managed and controlled through a single screen or interface. The only place car PC enthusiasts can go for advice, tips and tools is a handful of hard-to-find Web sites- until now. Car PC Hacks is your guide into the car PC revolution. Packing MP3 players, handheld devices, computers and video-on-demand systems gives you a pile too heavy to carry. But add a car and put them together, you've got a powerful and mobile multimedia center requiring no lifting. The next time you give kids a lift, you won't hear, "Are we there yet?" Instead, expect "We're there already?" as they won't want to leave the car while playing video games from multiple consoles. Car PC Hacks is the first book available to introduce and entrench you into this hot new market. You can count on the book because it hails from O'Reilly, a trusted resource for technical books. Expect innovation, useful tools, and fun experiments that you've come to expect from O'Reilly's Hacks Series. Maybe you've hacked computers and gadgets, and now you're ready to take it to your car. If hacking is new and you would like to mix cars and computers, this book gets you started with its introduction to the basics of car electrical systems. Even when you're unclear on the difference between amps and watts, expect a clear explanation along with real-life examples to get on track. Whether you're

venturing into car PC for the first time or an experienced hobbyist, hop in the book for a joy ride.

The 7 Secrets to Selling More by Selling Less:the Ultimate Guide to Reinventing Your Sales Life Allan Langer 2019-01-30 It's time to reinvent your sales life...Your sales career is good, but not great. Your customers like you but don't love you. Every potential customer does not want to talk to you (the salesperson), even if they need your product or service. You keep reading the same sales books and listening to the same CD's and podcasts. Everyone is telling you to do the same old things. You're ready to make a change. In his trailblazing and wonderfully refreshing book, Allan Langer takes on the outdated, overused and utterly ineffective sales philosophies of the past and kicks them to the curb. Today's customer's do not want a sales pitch, do not want to be coerced, and absolutely do not want to be "closed." In this book, you will learn: To sell more than you ever have in your career; to sell customers a product or service and actually feel good about yourself doing it; and to never use a "sales pitch" again. The 7 Secrets is your GPS with a new destination, a new route that will take you from where you are now, to a new place on your personal map that will change your life and the life of your loved ones. It will also change the life of your customers, as they will go from hating salespeople, to only wanting to do business with you. Whether you are brand new in the profession, or a seasoned veteran, 7 Secrets will be the best investment you can make in your career, and in yourself.
