The Lost Man Jane Harper 2019-02-05 INSTANT NEW YORK TIMES BESTSELLER Two brothers meet in the remote Australian outback when the third brother is found dead, in this stunning new standalone novel from Jane Harper Brothers Nathan and Bub Bright meet for the first time in months at the remote fence line separating their cattle ranches in the lonely outback. Their third brother, Cameron, lies dead at their feet. In an isolated belt of Australia, their homes a three-hour

drive apart, the brothers were one another's nearest neighbors. Cameron was the middle child, the one who ran the family homestead. But something made him head out alone under the unrelenting sun. Nathan, Bub and Nathan's son return to Cameron's ranch and to those left behind by his passing: his wife, his daughters, and his mother, as well as their long-time employee and two recently hired seasonal workers. While they grieve Cameron's loss, suspicion starts to take hold, and Nathan is forced to examine secrets the family would rather leave in the past. Because if someone forced Cameron to his death, the isolation of the outback leaves few suspects. A powerful and brutal story of suspense set against a formidable landscape, *The Lost Man* confirms Jane Harper, author of *The Dry* and *Force of Nature*, is one of the best new voices in writing today.

Red Seas Under Red Skies Scott Lynch 2007-07-31 In his highly acclaimed debut, *The Lies of Locke Lamora*, Scott Lynch took us on an adrenaline-fueled adventure with a band of daring thieves led by con artist extraordinaire Locke Lamora. Now Lynch brings back his outrageous hero for a caper so death-defying, nothing short of a miracle will pull it off. After a brutal battle with the underworld that nearly destroyed him, Locke and his trusted sidekick, Jean, fled the island city of their birth and landed on the exotic shores of Tal Verrar to nurse their wounds. But even at this westernmost edge of civilization, they can't rest for long—and are soon back to what they do best: stealing from the undeserving rich and pocketing the proceeds for themselves. This time, however, they have targeted the grandest prize of all: the Sinspire, the most exclusive and heavily guarded gambling house in the world. Its nine floors attract the

wealthiest clientele—and to rise to the top, one must impress with good credit, amusing behavior...and excruciatingly impeccable play. For there is one cardinal rule, enforced by Requin, the house's cold-blooded master: it is death to cheat at any game at the Sinspire. Brazenly undeterred, Locke and Jean have orchestrated an elaborate plan to lie, trick, and swindle their way up the nine floors...straight to Requin's teeming vault. Under the cloak of false identities, they meticulously make their climb—until they are closer to the spoils than ever. But someone in Tal Verrar has uncovered the duo's secret. Someone from their past who has every intention of making the impudent criminals pay for their sins. Now it will take every ounce of cunning to save their mercenary souls. And even that may not be enough.... Praise for *Red Seas Under Red Skies* "Lynch hasn't merely imagined a far-off world, he's created it, put it all down on paper—the smells, the sounds, the people, the feel of the place. The novel is a virtuoso performance, and sf/fantasy fans will gobble it up."—Booklist (starred review) "Red Seas Under Red Skies firmly proves that Scott Lynch isn't a one-hit wonder. . . . It'll only be a matter of time before Scott Lynch is mentioned in the same breath as George R. R. Martin and Steven Erikson."—Fantasy Book Critic "Grand, grandiose, grandiloquent . . . No critic is likely to fault Lynch in his overflowing qualities of inventiveness, audacious draftsmanship, and sympathetic characterization."—Locus

It is a contemporary masterpiece."—San Francisco Chronicle Hailed by The New Yorker for its "remarkable achievements," The Sport of Kings is an American tale centered on a horse and two families: one white, a Southern dynasty whose forefathers were among the founders of Kentucky; the other African-American, the descendants of their slaves. It is a dauntless narrative that stretches from the fields of the Virginia piedmont to the abundant pastures of the Bluegrass, and across the dark waters of the Ohio River; from the final shots of the Revolutionary War to the resounding clang of the starting bell at

Churchill Downs. As C. E. Morgan unspools a fabric of shared histories, past and present converge in a Thoroughbred named Hellsmouth, heir to Secretariat and a contender for the Triple Crown. Newly confronted with one another in the quest for victory, the two families must face the consequences of their ambitions, as each is driven---and haunted---by the same, enduring question: How far away from your father can you run? A sweeping narrative of wealth and poverty, racism and rage, The Sport of Kings is an unflinching portrait of lives cast in the shadow of slavery and a moral epic for our time.

Fencing the Sky James Galvin
2013-10-15 A haunting novel of the American West about an accidental murder that springs from the best intentions. Stepping his horse through the lush, beaver-worked draw looking for stray cows, Mike Arans never imagined that, moments later, he'd find himself swinging a nylon loop around Merriweather Snipes and pulling until his neck snapped. Once Snipes was dead, Mike fished a notepad and a stub of pencil from his pocket, wrote "I did this," signed his name, and stuffed the note into Snipes's breast pocket. Then Mike rode to his house, stocked up on supplies, and rode due west. Fencing the Sky is the story of how circumstances spiral out of control, the story of gross indifference and avarice in the face of breathtaking beauty. Ultimately, James Galvin's novel is a book about violence and how it destroys lives when the land is at stake. This long-awaited lyrical first novel is nothing less than the story of the disappearance of the American West.

To the Lighthouse Virginia Woolf
2021-06-24 Described by Virginia Woolf herself as 'easily the best of my books', and by her husband Leonard

as a 'masterpiece', *To the Lighthouse*, first published in 1927, is one of the milestones of Modernism. Set on the Isle of Skye, over a decade spanning the First World War, the narrative centres on the Ramsay family, and is framed by Mrs Ramsay's promise to take a trip to the lighthouse the next day – a promise which isn't to be fulfilled for a decade. Flowing from character to character and from year to year, the novel paints a moving portrait of love, loss and perception. Bearing all the hallmarks of Woolf's prose, with her delicate handling of the complexities of human relationships, *To the Lighthouse* has earned its reputation – frequently appearing in lists of the best novels of the twentieth century, it has lost not an iota of brilliance.

The marshalls had to rely on Taziri because in this country women controlled the government, the military, and the most powerful industries. Creatures of Will and Temper Molly Tanzer 2017 "A delightful, dark, and entertaining romp . . . Molly Tanzer is at the top of her form in this beautifully constructed novel."--Jeff VanderMeer, best-selling author of the Southern Reach trilogy Victorian London is a place of fluid social roles, vibrant arts culture, fin-de-

siècle wonders . . . and dangerous underground diabolic cults. Fencer Evadne Gray cares for none of the former and knows nothing of the latter when she's sent to London to chaperone her younger sister, aspiring art critic Dorina. At loose ends after Dorina becomes enamored with their uncle's friend, Lady Henrietta "Henry" Wotton, a local aristocrat and aesthete, Evadne enrolls in a fencing school. There, she meets George Cantrell, an experienced fencing master like she's always dreamed of studying under. But soon, George shows her something more than fancy footwork--he reveals to Evadne a secret, hidden world of devilish demons and their obedient servants. George has dedicated himself to eradicating demons and diabolists alike, and now he needs Evadne's help. But as she learns more, Evadne begins to believe that Lady Henry might actually be a diabolist . . . and even worse, she suspects Dorina might have become one too. Combining swordplay, the supernatural, and Victorian high society, *Creatures of Will and Temper* reveals a familiar but strange London in a riff on Oscar Wilde's *The Picture of Dorian Gray* that readers won't soon forget. "An artful, witty, Oscar Wilde pastiche with the heart of a paranormal thriller."--Diana Gabaldon, best-selling author of *Outlander*

Nineteen Eighty-Four George Orwell
2021-01-09 "Nineteen Eighty-Four: A Novel", often published as "1984", is a dystopian social science fiction novel by English novelist George Orwell. It was published on 8 June 1949 by Secker & Warburg as Orwell's ninth and final book completed in his lifetime. Thematically, "Nineteen Eighty-Four" centres on the consequences of totalitarianism, mass surveillance, and repressive regimentation of persons and

behaviours within society. Orwell, himself a democratic socialist, modelled the authoritarian government in the novel after Stalinist Russia. More broadly, the novel examines the role of truth and facts within politics and the ways in which they are manipulated. The story takes place in an imagined future, the year 1984, when much of the world has fallen victim to perpetual war, omnipresent government surveillance, historical negationism, and propaganda. Great Britain, known as Airstrip One, has become a province of a totalitarian superstate named Oceania that is ruled by the Party who employ the Thought Police to persecute individuality and independent thinking. Big Brother, the leader of the Party, enjoys an intense cult of personality despite the fact that he may not even exist. The protagonist, Winston Smith, is a diligent and skillful rank-and-file worker and Outer Party member who secretly hates the Party and dreams of rebellion. He enters into a forbidden relationship with a colleague, Julia, and starts to remember what life was like before the Party came to power.

2011-03-01 From the bestselling author of the acclaimed *Chaos* and *Genius* comes a thoughtful and provocative exploration of the big ideas of the modern era: Information, communication, and information theory. Acclaimed science writer James Gleick presents an eye-opening vision of how our relationship to information has transformed the very nature of human consciousness. A fascinating intellectual journey

through the history of communication and information, from the language of Africa's talking drums to the invention of written alphabets; from the electronic transmission of code to the origins of information theory, into the new information age and the current deluge of news, tweets, images, and blogs. Along the way, Gleick profiles key innovators, including Charles Babbage, Ada Lovelace, Samuel Morse, and Claude Shannon, and reveals how our understanding of information is transforming not only how we look at the world, but how we live. The Island of the Day Before Umberto Eco
2006-06-05 A 17th century Italian nobleman is marooned on an empty ship in this "astonishing intellectual journey" by the author of *Foucault's Pendulum* (San Francisco Chronicle). In the year 1643, a violent storm in the South Pacific leaves Roberto della Griva shipwrecked—on a ship. Swept from the *Amaryllis*, he has managed to pull himself aboard the *Daphne*, anchored in the bay of a beautiful island. The ship is fully provisioned, he discovers, but the crew is missing. As Roberto explores the different cabinets in the hold, he looks back on various episodes from his life: Ferrante, his imaginary evil brother; the siege of Casale, that meaningless chess move in the Thirty Years' War in which he lost his father and his illusions; and the lessons given him on Reasons of State, fencing, the writing of love letters, and blasphemy. In this "intellectually stimulating and dramatically intriguing" novel, Umberto Eco conjures a young dreamer searching for love and meaning; and an old Jesuit who, with his clocks

and maps, has plumbed the secrets of longitudes, the four moons of Jupiter, and the Flood (Chicago Tribune).

The Meadow James Galvin 2014-02-04 An American Library Association Notable Book In discrete disclosures joined with the intricacy of a spider's web, James Galvin depicts the hundred-year history of a meadow in the arid mountains of the Colorado/Wyoming border. Galvin describes the seasons, the weather, the wildlife, and the few people who do not possess but are themselves possessed by this terrain. In so doing he reveals an experience that is part of our heritage and mythology. For Lyle, Ray, Clara, and App, the struggle to survive on an independent family ranch is a series of blameless failures and unacclaimed successes that illuminate the Western character. *The Meadow* evokes a sense of place that can be achieved only by someone who knows it intimately.

Resurrection Update James Galvin 1997 Gathers previously published and new poems from the noted poet

The Cornet of Horse G. A. Henty 2016-12-01 In the early eighteenth century, much of Europe was embroiled in conflict when Charles II, the leader of Spain and its vast global empire, died without any heirs. This exciting action-adventure novel takes readers onto the front lines of the battles fought under the command of the Duke of Marlborough.

Everything We Always Knew Was True James Galvin 2016-10-13 "James Galvin has a voice and a world, perhaps the two most difficult things to achieve in poetry."—The Nation "Bleak and unsentimental but blessedly free of self-indulgence, these poems give the feeling of being absolutely essential."—Library Journal "Galvin [has] the virtues of precise observation and original language . . . a rigor of mind and firmness of phrasing which make [each] poem an

architectural pleasure."—Harvard Review In his first collection in seven years, James Galvin expands upon his signature spare and gnomic lyric as he engages restrained astonishment, desire, and loss in a confessional voice. Whether considering masterpieces of painting or describing the austere landscape of his native Wyoming ranchlands, Galvin turns to highly imagistic yet intimate narratives to rain down compassion within isolation. From "On the Sadness of Wedding Dresses": On starless, windless nights like this I imagine I can hear the wedding dresses Weeping in their closets, Luminescent with hopeless longing, Like hollow angels. They know they will never be worn again. Who wants them now, After their one heroic day in the limelight? Yet they glow with desire In the darkness of closets. James Galvin passionately depicts the rural American West and the interactions between humans and nature in his best-selling memoir *The Meadow* and his novel *Fencing the Sky*. Galvin is also the author of several volumes of poetry and teaches at the Iowa Writers' Workshop. He divides his time between Iowa and Wyoming. *Quattrocento* James McKean 2003-11-11 Matt O'Brien, an assistant curator and art restorer at the Metropolitan Museum of Art, has always been passionate about the Italian Renaissance. But when he discovers a long-neglected portrait of a beautiful woman among the museum's miles of storage bins, he becomes obsessed--and not only because he suspects that the painting is by Leonardo da Vinci. Something about the mysterious woman's exquisite face stirs his memory, and when Matt finds himself spun across the centuries into Quattrocento Italy, where he arrives perfectly attired in 15th century clothing, he appears to be free to pursue her. A magically

woven, richly detailed debut, Quattrocento tells an unforgettable tale of art, and love, and the unexpected places where they meet.

Lethal Frequencies James Galvin 1995 This fourth collection from the author of the prose masterpiece *The Meadow* is inspired by the often harsh subrural landscape of southwestern Wyoming where Galvin has spent most of the past decade building a log home, beginning with the felling of trees. Firsthand knowledge of the expansive landscape of the west provides perspective more than mere imagery, reducing human activity to its proper dimension. Galvin adds a kind of pre-Socratic intelligence, a stoical turn of mind, and genuine love of hard physical work to make poems that are direct, spare, compact, and stripped of rhetorical or aesthetic device.

Sunset Limited James Lee Burke 2011-09-21 "One of the best novels of the year from one of the very best writers at work today."—Rocky Mountain News The townspeople of New Iberia, Louisiana, didn't crucify Megan Flynn's father. They just didn't catch whoever pinned him to a barn wall with sixteen-penny nails. Decades later, Megan, now a world-famous photojournalist, has come back to the bayou, looking for cop Dave Robicheaux. It was Dave who found the body of labor leader Jack Flynn. The sight changed the boy, shaped him as a man. And after forty years, Robicheaux is still haunted by the bizarre unsolved slaying. Now Megan's return has stirred up the ghosts of the long-buried past, igniting a storm of violence that will rip apart lives of blacks and whites in this bayou country. And for a good cop with bad memories, hard desire, and chilling nightmares, the time has come to uncover the truth.

The Glass Castle Jeannette Walls 2006-01-02 Journalist Walls grew up with parents whose ideals and stubborn nonconformity were their curse and their salvation. Rex and Rose Mary and their four children lived like nomads, moving among Southwest desert towns, camping in the mountains. Rex was a charismatic, brilliant man who, when sober, captured his children's imagination, teaching them how to embrace life fearlessly. Rose Mary painted and wrote and couldn't stand the responsibility of providing for her family. When the money ran out, the Walls retreated to the dismal West Virginia mining town Rex had tried to escape. As the dysfunction escalated, the children had to fend for themselves, supporting one another as they found the resources and will to leave home. Yet Walls describes her parents with deep affection in this tale of unconditional love in a family that, despite its profound flaws, gave her the fiery determination to carve out a successful life. -- From publisher description.

Epee 2.0 Johan Harmenberg 2007 Johan Harmenberg had left his native Sweden because he had "given up" on serious competitive fencing. But when he came to MIT, he met an innovative coach - the late Eric Sollee. Scribbling on a napkin in a Cambridge bar, Eric, Johan, and the other MIT fencers sketched the "Three Conjectures" of a new fencing paradigm" - a way to force a more skillful opponent to play your game. On his return to Sweden, Johan developed it into an art and a science, then put it into effect with a vengeance. Despite being snubbed by the Swedish authorities because of his unorthodox style, he won the World Championship in 1977 and the Olympic Gold Medal in 1980. In this groundbreaking book, Johan reveals his methods, showing how to can neutralize the superior technique of even the best classical

fencers. Plus Olympic Silver Medalist Bjorne Vaggoe adds his personal application of the new paradigm and Geoff Pingree tells how it was applied with stunning success at MIT.

Americans have built an empire on the idea of "race," a falsehood that damages us all but falls most heavily on the bodies of black women and men—bodies exploited through slavery and segregation, and, today, threatened, locked up, and murdered out of all proportion. What is it like to inhabit a black body and find a way to live within it? And how can we all

honestly reckon with this fraught history and free ourselves from its burden? *Between the World and Me* is Ta-Nehisi Coates's attempt to answer these questions in a letter to his adolescent son. Coates shares with his son—and readers—the story of his awakening to the truth about his place in the world through a series of revelatory experiences, from Howard University to Civil War battlefields, from the South Side of Chicago to Paris, from his childhood home to the living rooms of mothers whose children's lives were taken as American plunder. Beautifully woven from personal narrative, reimagined history, and fresh, emotionally charged reportage, *Between the World and Me* clearly illuminates the past, bravely confronts our present, and offers a transcendent vision for a way forward.

Stuffocation James Wallman 2015-03-17 Stuffocation is a movement manifesto for "experiential" living, a call to arms to stop accumulating stuff and start accumulating experiences, and a road map for a new way forward with the potential to transform our lives. Reject materialism. Embrace experientialism. Live more with less. Stuffocation is one of the most pressing problems of the twenty-first century. We have more stuff than we could ever need, and it isn't making us happier. It's bad for the planet. It's cluttering up our homes. It's making us stressed—and it might even be killing us. A rising number of us are already turning our backs on all-you-can-get consumption. We are choosing access over ownership, and taking our business to companies like Zipcar, Spotify, and Netflix. Fed up with materialism, we are ready for a new way forward. Trend forecaster James Wallman traces our obsession with stuff back to the original Mad Men, who first created desire through advertising. He interviews anthropologists studying the clutter crisis, economists searching for new ways of measuring progress, and

psychologists who link stuffocation to declining well-being. And he introduces us to the innovators who are already living more consciously and with more meaning by choosing experience over stuff. Experientialism does not mean giving up all of our possessions. It is a solution that is less extreme but equally fundamental. It's about transforming what we value. Stuffocation is a paradigm-shifting look at our habits and an inspiring call for living more with less. It's the one important book you won't be able to live without. Praise for Stuffocation "The revelations come fast and furious as he asserts that acquiring 'stuff' is often just an easy way to ignore the tougher questions of life, dodging 'why am I here?' and 'how should I live?' for 'will that go with the top I bought last week?' Tart and often funny . . . [Stuffocation] will be an eye-opener for those long ago persuaded that more is better. A scintillating read that will provoke conversation (or at least closet cleaning)."—Booklist "James Wallman deftly hits upon a major insight for our times: that acquiring 'stuff' and 'things' is not nearly as meaningful as collecting experiences. Some of the happiest days of my life were when I had nothing and lived on a houseboat. Without stuff to tie me down, I felt completely free."—Blake Mycoskie, founder of TOMS and author of the New York Times bestseller Start Something That Matters "A must-read . . . We think that more stuff will make us happier, but as the book nicely shows, we're just plain wrong. A great mix of stories and science, Stuffocation reveals the downside of more, and what we can do about it."—Jonah Berger, author of the New York Times bestseller Contagious "Wallman offers a deeply important message by weaving contemporary

social science into very engaging stories. Reading the book is such a pleasure that you hardly recognize you're being told that you should change how you live your life."—Barry Schwartz, author of The Paradox of Choice "With a sociologist's eye and a storyteller's ear, Wallman takes us on a tour of today's experience economy from the perspective not of businesses, nor even of consumers per se, but of everyday people."—B. Joseph Pine II and James H. Gilmore, authors of The Experience Economy **Fence 2000**

From critically acclaimed author of The Meadow comes a haunting novel of the American West. Circumstances spiral out of control when an accidental murder springs from the best intentions. With one man dead and another on the run, this is a story about violence and how it destroys lives when the land is at stake.
