*Real Estate Finance Law* Grant S. Nelson 1985

**Global Internet Law** Michael Rustad 2016-01-09 Global Internet Law Hornbook provides students, practitioners, judges, and policymakers with a comprehensive examination of the most important concepts and methods of this rapidly evolving field of law. Each chapter is a detailed examination of cases, statutes, industry standards, norms, as well as, academic commentaries from around the world. While the emphasis is on U.S. developments, each chapter compares U.S. to EU regulations, directives, and conventions, as well as, other cross-border Internet law developments from diverse legal systems around the world. This timely and up-to-date Hornbook comprehensively examines Internet technologies, Internet governance, private international law (jurisdiction, choice of law, forum selection and enforcement of judgment), online contacts (mass market, cloud computing service level agreements, social media terms of use software licensing, and e-commerce terms of service), global consumer protection in cyberspace (FTC, state and foreign

developments), cybertorts (including CDA Section 230 developments, Internet security, information torts, and negligent enablement), Internet-related privacy (including the EU Data Directive) cybercrimes (including state, federal and international developments), privacy (including extensive coverage of the Data Protection Directive and the General Data Protection Regulation) content regulations (U.S. vs. foreign), copyrights in cyberspace, trademarks and domain names, Internet-related trade secrets and patent law developments. Global Internet law is increasingly important for all lawyers, whether they are policymakers, transactional lawyers, or litigators. This Hornbook is organized around the major issues in each substantive and procedural area of law in the most accessible, contemporary, and effective manner. To help readers come to grips with the necessity of approaching the subject from a transnational perspective, this book surveys the best available U.S. and foreign cases, statutes, and commentaries covering global Internet Law developments.

*The Articulate Attorney* Brian K. Johnson 2013 "Get your nose out of your notes, look your audience in the eye, and become the confident public speaker you've always wanted to be. Grab and hold your listeners' attention with skills you can depend on every time you speak. *The Articulate Attorney: Public Speaking for Lawyers* will make you a more self-assured, compelling communicator. Discover answers to these common questions: How do I channel nervous energy into dynamic delivery? What is a reliable way to remember what I want to say? How do I stop saying um and think in silence instead? Why is gesturing so important? What do I do with my hands? How can I make PowerPoint interactive? Based on more than 30 years of experience coaching lawyers, Brian K. Johnson and Marsha Hunter address the distinctive communication skills expected of attorneys. They offer practical, immediately useful solutions that integrate cutting-edge discoveries in human factors, linguistics, neuroscience, gesture studies, and sports psychology. These techniques will transform you into a more confident speaker, whether addressing colleagues in a conference room, counseling clients in a boardroom, or presenting a CLE in a ballroom"--Unedited summary from book cover.

**Corporate Taxation and Taxation of Partnerships and Partners** Douglas A. Kahn 1985

**Criminal Law** Phillip E. Johnson 1990  
*Bankruptcy and Creditor's Rights* James J. White 1985

**How to Read the Constitution--and Why** Kim Wehle 2019-06-25 "A must-read for this era."—Jake Tapper, CNN Anchor and Chief Washington Correspondent An insightful, urgent, and perennially relevant handbook that lays out in common sense language how the United States Constitution works, and how its protections are eroding before our eyes—essential reading for anyone who wants to understand and parse the constantly breaking news about the backbone of American government. The Constitution is the most significant document in America. But do you fully understand what this valuable document means to you? In *How to Read the Constitution--and Why*, legal expert and educator Kimberly Wehle spells out in clear, simple, and common sense terms what is in the Constitution, and most importantly, what it means. In compelling terms and including text from the United States Constitution, she describes how the Constitution's protections are eroding—not only in express terms but by virtue of the

many legal and social norms that no longer shore up its legitimacy—and why every American needs to heed to this “red flag” moment in our democracy. This invaluable—and timely—resource includes the Constitution in its entirety and covers nearly every significant aspect of the text, from the powers of the President and how the three branches of government are designed to hold each other accountable, to what it means to have individual rights—including free speech, the right to bear arms, the right to be free from unreasonable searches and seizures, and the right to an abortion. Finally, the book explains why it has never been more important than now for all Americans to know how our Constitution works—and why, if we don't step in to protect it now, we could lose its protections forever. *How to Read the Constitution--and Why* is essential reading for anyone who cares about maintaining an accountable government and the individual freedoms that the Constitution enshrines for everyone in America—regardless of political party.

**The AALS Directory of Law Teachers** 2004

*Agricultural Law* Keith G. Meyer 1985

*Hornbook on Modern Communication Law*

Harvey Zuckman 1999 The first comprehensive communications law treatise of the Information Age; keeps user up-to-date on the rapidly changing aspects of communications law. Principles of Legal Research Kent C. Olson 2009 Principles of Legal Research will be published in June and available for fall 2009 class adoptions. Principles of Legal Research is the long-awaited successor to the venerable How to Find the Law, 9th edition, thoroughly updated for the electronic age. The text provides encyclopedic yet concise coverage of research methods and resources using both free and commercial websites as well as printed publications. An introductory survey of research strategies is followed by chapters on the sources of U.S. law created by each branch of government, discussion of major secondary sources, and an overview of international and comparative law. Sample illustrations are included, and an appendix lists nearly 500 major treatises and looseleaf services by subject.  
*Modern Legal Ethics* Charles W. Wolfram 1986 Authoritative coverage focuses on a

lawyer's fiduciary responsibility. Text describes the legal profession's self-regulatory system and the professional codes that have emerged. Examines lawyers and the legal profession, including regulation and discipline. Provides a detailed discussion of the client-lawyer relationship. Judges and the quality of justice are also addressed. Provides systematic examination of the issues covered in the 1969 Code of Professional Responsibility and the 1983 Model Rules of Professional Conduct.
